Subject: Defamation and Slander towards Legal Professionals through Netflix series "Hasmukh."

Dear Sir/Madam,

This notice has been addressed to the Company in accordance with the defamatory comments made towards lawyers and the legal fraternity through its show "Hasmukh."

We submit that our office has had the opportunity to review the relevant content, and hence we are well conversant with the matter.

The world is witness to how in these shier times of need, the medical profession has proved its metal and has stepped out throughout the world by working selflessly to protect lives and humanity on earth. Just like them, it is even the legal community who are playing roles in their capacity to save the masses from various monetary damages such as reduced pays, unemployment, petitions for amendment of laws, and various another pro bono activities in favor of humanity.

It is a matter of fact that in times of need, it is the legal community who has time and again helped in implementing exceptional amendments and additions to the laws throughout the world for not only the favor of the environment but also the better security of humanity.

However, the content of your Netflix show called "Hasmukh" through its episode 4 speaks volumes of how you portray the legal community to the world, viewing your platform as a source of light entertainment. Addressing lawyers with defamatory words such as **cheaters, pimps, brokers, and rapist holding pens** is not something which can be accepted in good taste by any professional having taken the oath before the law to fight for justice and stand for equality.

Having said the above, before targeting the morals and ethics of lawyers throughout the world, more specifically lawyers practicing in India, let us not forget and disrespect the contributions of an Indian lawyer named Mahatma Gandhi, who has not only produced benchmarks for the law but for life.

Therefore, **TAKE NOTICE** that we hereby notify you to address an apology letter and the removal of all defamatory remarks made against the legal community within maximum of (10) days from the date of this notice to avoid further legal or arbitration proceedings.

Please note that we are prepared to take all necessary legal actions in India and the United Arab Emirates (UAE) which will be solely at your own risk and you will be fully liable for all costs, damages, losses (material and moral), expenses and all actions that our Client and we may deem fit and appropriate in the circumstances.

This without prejudice of all our rights, which are hereby reserved.

Truly,

Vidur Dhawan
